

***Runnin' With The Devil* (Back Cover)**

The name of the game is greed, but it has its consequences as two career criminals and blackjack dealer, Charlie Krieger, soon find out. When Krieger and his criminal associates plan to rob the casino he works at for millions of dollars, things don't turn out as planned – he gets shot and his partners get captured by police.

Runnin' With The Devil is a fast moving, plot-driven book about gambling on more than just slot machines. Hedging one's bets on not getting caught is a high stake game – so is seducing the casino's head cashier, Thomas Myrick, a homosexual, to make the heist successful. When heterosexual Krieger discovers that the gay cashier is swimming in past due bills, he suddenly becomes the perfect patsy.

Runnin' With The Devil has all the elements of a novel you can't put down -- intense characters – some with charm – some with tempers – some with unpredictable personalities and just the right amount of suspense, calculation and intensity to make this book a genre favorite.

After having written several screenplays, author John Stimson wanted to shift gears and write a novel for the experience of being able to flesh out characters. Stimson is a lawyer by training, and spent several years as an independent film producer. He currently lives in Southern California, Sherman Oaks.
