NEON NED

Will Multi-colored “Neon Ned” Ever be accepted as Normal by the Kids in his Neighborhood?

Imagine changing colors with every mood! For little Ned, this is a way of life that earns him the nickname Neon Ned by the neighborhood kids.

In all ways, except one, Ned is like other kids. He loves to run, play and has dreams. He gets sad, sometimes mad, and even sick, but the problem is that poor Ned changes colors according to how he feels. When he’s sad, he turns blue; when he feels sick he turns a bright shade of green, and on his colors change and shine, bringing unwanted attention to himself. He’s nicknamed Neon Ned by the children in the neighborhood, but Ned is a loner and wishes he could fit in with the rest of the kids.

Neon Ned is a creative story that will have kids thinking about how they judge and label others. As they get to know Ned and his “multicolored” personality, they will want to know how he resolves his dilemma with the other kids. Will he finally be able to make friends or will he possibly change something about himself?
