### CALL OF THE KINGS

#### *Call of the Kings*, A Novel Driven by Conflict and Enchantment

War...brutal savagery...fantasy and magic rule the land and time. In the midst of it all, romance brews in this epic saga -- book three of the *Venefical Progressions* series.

*Call of the Kings* is an energy-packed saga of the war between the kings of France and England. Viking invaders cause mayhem and warlords battle to gain a foothold in any way they can. The intense and unfolding drama is written with powerful imagery and strong character portrayals.

There's the old veneficus of Wessex named Twilight...and Tara, a curly red-haired little girl from Ireland with special powers – readers then meet a flesh-eating sorceress and three deviate and one particularly evil Francian venefici, the Duke of Normandy. *Call of the Kings* engages the readers with contrasting characters and legendary action set in the ever-enchanting lands of Stonehenge and Avebury.

From conflict and invasions, to striving for peace and a new world, *Call of the Kings* both entertains and keeps readers on edge. The immortal Tara unexpectedly finds romance with a powerful Francian veneficus named Virgile. Together they try and bring peace while Twilight visits Rome, Constantinople and Baghdad in his investigation of the other great Holy War brewing in the East between Saracens and Christians.
